

Using VHF & VHF/DSC Marine Radio

Date: Wednesday, 18 November, 6:30 – 9:00 PM

Location: Watertown Yacht Club
425 Charles River Road
Watertown, MA 02472

Fee: \$45 (Pre-registration required) or \$35 for USPS Members.
Complimentary Soup and Salad

Seminar Overview: VHF marine radio is the mainstay of coastal communication and essential for emergency communications. Digital Selective Calling (DSC) vastly simplifies and improves rescue and routine calling; however, you need to know how to use it.

This seminar covers:

- What is Marine VHF Radio?
- What's Needed to Operate VHF?
- Using the Marine VHF Radio
- What's Digital Selective Calling
- Selecting a Marine VHF Radio

Deliverables: A CD is included with a DSC Simulator that allows you to practice on your computer at home. A handy waterproof McGraw-Hill Captain's Quick Guide *Using VHF* is included with essential information that you should have aboard, which will explain to anyone on your crew how to use the radio.
