### Commander's Corner

The Lake Mohave Power Squadron will be “dark” during July and August to give our members a couple of months to plan vacations and family visits without having to allow for meetings. We will not, however, be completely idle. We have a great Fourth of July evening planned at the home of members Ken and Dawn Pierce whose home sits high above the city with a fantastic view of the fireworks show on the river. We also have our annual overnight camping trip on Lake Mohave planned for the 8th and 9th of July.

Later this month, yours truly has been invited to speak at the Mohave Valley Chamber of Commerce meeting. I hope I can prove to be commander-like, if not the most gifted public speaker. It will be a great opportunity to get the USPS word out among the movers and shakers of the community.

I might mention that there is going to be a change of venue for our general dinner meetings starting in September. Sharon Dack and her team are busy checking out possibilities. One suggestion that has been made is that we alternate locations on a regular basis to give everyone a fresh menu to choose from and a change of atmosphere. Anyone that has ideas is welcome to pass them on to Sharon. She will get the location of our next meeting out to you well in advance.

We hope everyone is having a wonderful summer.
