The Erie Power Squadron has set up a Christmas party at McGarrey's Oakwood Café at 1624 W. 38<sup>th</sup> Street. It will start at 7:00pm on December 14<sup>th</sup>. Remember you and a guest are invited to all squadron dinner meetings.

The spring boating course is scheduled for March 4<sup>th</sup> at 7:00pm. It will run for 8 weeks on Monday nights from 7pm till 9pm. If you know anyone interested in taking a class, please let

them know and sign them up. If you are interested in helping it is a great way to earn a merit mark. It is also a great way to review and refresh your own knowledge and talk to other boaters.

Merit marks have been sent out. If you have not received a merit mark and feel that you earned one, please contact Doug Fisher for more information.

The Erie Power Squadron has accepted a new member. Please welcome Christopher Cusson to the organization.

## Boating Under the Influence: Talk about it before it's too late

Let's talk about boating under the influence (BUI). Just because November is upon us and a lot of boats have been winterized, we continue to need to educate each other about this dangerous practice. America's Boating Channel™ BUI videos offer an excellent way in which to do this.

Check out the "Dispelling BUI Myths" video in Season Four that covers six major misconceptions about boating under the influence (BUI). It teaches viewers about unique dangers associated with boating while intoxicated and features law enforcement actions and penalties for conviction of BUI. In Season Five there is a video entitled "BUI Fatalities" that covers the most fundamental reason for not boating under the influence of alcohol or drugs. Viewers will learn of additional associated risks and receive tips for avoiding BUI, such as using a designated sober operator.

It's not too early to start planning your boat show booth. Have you considered using a computer or TV to play a loop of the many America's Boating Channel videos? It is an excellent way to draw people in to talk with you about safe boating through education and the opportunities your club offers.

The videos referenced here, and others, are available to USPS members to view and download for free at [bit.ly/USPSABC](http://bit.ly/USPSABC). There is an index to help you find

the topic you need, which is very convenient for instructors who want to use these videos in the classroom without the need for an internet connection. Otherwise, visit America's Boating Channel on YouTube at <https://www.youtube.com/@AmericasBoatingChannel> to find these and nearly 100 other safe boating videos, which are an excellent tool to help recruit participants to our educational program and to membership. Invite your friends and neighbors to watch, like and subscribe to America's Boating Channel to introduce them to what our organization has to offer.

In addition to YouTube, these professionally produced high-definition safe boating and boater education videos are available via the America's Boating Channel on-demand app on Roku, FireTV and, as of November 2023, Apple TV. [America's Boating Channel™](https://www.youtube.com/@AmericasBoatingChannel) is produced by the United States Power Squadrons® (USPS) under a grant from the Sport Fish Restoration and Boating Trust Fund administered by the U.S. Coast Guard.

## America's Boating Channel Videos

It's not too early to start planning your boat show booth. Have you considered using a computer or TV to play a loop of the many America's Boating Channel videos? It is an excellent way to draw people in to talk with you about safe boating through education and the opportunities your club offers.

You could create a multi-topic loop or just use two single-issue videos on the leading contributor to recreational boating deaths to offer just over nine minutes of education. Check out the "Dispelling BUI Myths" video in Season Four, which covers six major misconceptions about boating under the influence while teaching viewers about unique dangers associated with boating while intoxicated. Season Five has a video entitled "BUI Fatalities" that covers the most fundamental reason for not boating under the influence of alcohol or drugs.

Grant-funded through the U.S. Coast Guard, these videos also are available on [YouTube](#) and via the America's Boating Channel on-demand app on Roku, FireTV and, as of November 2023, Apple TV.
