

Dual Bays Cruise 2017

Thursday, August 9

Hadley Harbor

No Discharge in either harbor. Currents in Woods Hole are exceptional. Seek local knowledge.

Outer Harbor — 41°30.903'N, 070°42.041'W

Anchorage only: Good holding ground. Can be roly from Woods Hole traffic and in NE or E winds.

Navigation: Take caution in Woods Hole currents. Enter between RN"2" and GC"3". Avoid rocks to starboard of ATNs.

Amenities: None. No access to Naushon. May land dinghy on Bull Island.

Inner Harbor — 41°30.696'N, 070°42.186'W

Anchorage: Good holding ground in mud. May be crowded, forcing short scope or rafting. Can be somewhat roly in higher SE wind.

Moorings: Private. Be prepared to move.

Navigation: Take caution in Woods Hole currents. Channel is east of Bull Island.

Amenities: None. No access to Naushon. May land dinghy on Bull Island.
