To : Lake Norman Sail and Power Squadron

From : Lake Norman Marine Commission

Subj : Power Squadron 2015 Survey Report of Lake Norman's Aids to Navigation

Dear Past Commander Russ Klein,

As the Cooperative Charting Chairman, the Lake Norman Marine Commission (LNMC) wishes to commend and thank you and the other members of the Lake Norman Sail and Power Squadron who recently completed the subject Survey Report of Lake Norman's Aids to Navigation. This is the first time that all the fixed and floating markers have ever been identified at one time period and will be a huge benefit to the LNMC. Our count of your report was 555 fixed markers or buoys which is a huge number and points out the major effort that this was required to do this Survey Report.

One of the main benefits will be the identification of the large number of unapproved No-Wake Buoys that the LNMC intends to address. Another benefit will be having accurate GPS coordinates for the approved NavAids for the use of the four (4) Lake Patrols, Fire Departments, Fishing Guides and other frequent lake users.

Again, thanks very much for this exceptional Survey Report.

Sincerely,

Mark Lancaster  
Chairman
