

Meriden Power Squadron

MPS is a fun organization of members with the same interests and concerns about our waterways.

We have over 90 members from Meriden, Southington, Cheshire, Wallingford, Bristol and many other towns.

Dedicated to the advancement of Boating education, Safety and the camaraderie of recreational boating our members meet 1 to 2 times a month (except July and August) for general and/or executive meetings in Meriden to plan and discuss upcoming events, educational classes and enjoy various programs that are presented.

Our events are usually held in the Connecticut River at places like Pataconk Yacht Club and Hamburg Cove, and cruises on Long Island Sound that can be to Block Island, Montauk, Greenport and other places as well.

Educational classes are usually held in Meriden or Southington.

The Meriden Power Squadron serves members from all over Connecticut but most boats are located in the area between New Haven and up the Connecticut River to Chester.

Our home base for member meetings is Yankee Gas Building, 56 Cooper street, Meriden CT.

Please fill out the United States Power Squadron [Application](#) form and mail it to:

Cdr Chris Casarella
