

Greetings to all lovers of both wind and petroleum products:

Tis sad but true, but this year's summer cruise/Rendezvous in the Solomons has been beached. Whether our hectic schedules, previous plans or water distance precluded many from participating, the bottom line is that there was not enough interest to continue with the weekend. It is our greatest hope that some interest surfaced – so that alternative dates could be considered for a time later in the summer/fall.

If there is a group that would like to anchor out or perhaps travel to a favorite port-of-call, please either let me or a member of the bridge know.

Many thanks.
