## Can't Wait to See YOU In San Diego!

### Greetings All!

Really, we're going to get some work done but with all the fun, the tours, the zoo, the dinner cruise and the banquet; with all the camaraderie and catching up with old friends; and with all the learning: the keynote breakfast, the seminars, and the committee presentations; we're going to have to squeeze in a couple of business items.

We have two district resolutions: one dealing with the Instructor Development course and one dealing with the composition of the Board of Directors. The Rules Committee has a bylaws change concerning the selection of dates and sites for our Governing Board meetings. Finally, the Finance Committee has a change to the enabling document for the Century Fund. All of these will be in the call to the meeting, which should go out very soon. We'll also set the budget for 2016 and select the location for the 2016 Fall Governing Board.

Of course, one of the most interesting parts of the meeting is hearing from our partners. We'll hear from the Coast Guard, the Auxiliary, Canadian Power and Sail Squadrons, NOAA, and many more.

Our meetings are not ALL fun and games – they just seem like it. I hope to see you there!

— Chief Commander Robert Baldrige, SN

Your 2015 National Bridge members at the USPS® headquarters in Raleigh (L-R): Administrative Officer Gary Cheney, SN; Educational Officer, Bob Brandenstein, SN; Past Chief Commander John Alter, SN; Chief Commander Robert Baldrige, SN; Treasurer Robert Miller, SN; Secretary Peter Mitchelson, SN; Executive Officer Louie Ojeda, SN.

# USPS Governing Board Meeting SAN DIEGO 2015

## What to Wear

(Remember hotels can be cold.)

### Sunday, 23 August through Thursday, 27 August

**Dinner Banquet:** 1930 - 2300

You'll Fall for San Diego

# Friday Seminar Series!

## 0915 - 1045: Series 1A - D

### **1A: Marketing & Branding for Squadrons: Experience the Value!**

Squadron and District personnel are invited to join in a lively presentation about Marketing and how it improves USPS perceived value. Understanding the basics of Marketing, what it does, why success is tied to it, and how to create a Marketing Plan will be explained. Interspersed throughout the presentation will be examples of the USPS Branding Standards Manual at work. Value the Experience! Join us for your own benefit!

### **1B: Beyond Human Factors: Examining the Underlying Determinants of Recreational Boating Accidents**

Recent research suggests that recreational boating accidents stem from multiple factors. In contrast, public perception and public policy overwhelmingly attribute boating accidents to human error, e.g., operator drug or alcohol use or lack of experience. This presentation offers a comprehensive perspective exploring the human, technological, and environmental factors that most influence these accidents. The research model integrates the spatial and temporal qualities of recreational boating accidents with satellite imagery, on-the-water boat operator surveys, and federal boating accident data assembled from two research sites, Sandusky, OH and Tampa, FL. Using spatial statistics and modeling, this presentation will offer a new model with improved parameter estimates and predictive capability, e.g., human (operator experience), technological (boat speed and length), and environmental (boat density and channel character) dimensions. This area of research has important societal impact, i.e., to public officials faced with the allocation of limited resources. In particular, this research emphasizes the concentrated nature of boating risk in time (seasonality, day of week, time of day) and in space (shoals, channels, fixed facilities). These features can guide the timing and the placement of mobile law enforcement capacity as well as the location of operation centers near high risk boating sites. Finally, this presentation will emphasize the need for continuing investigation and the importance of remote sensing data to complement existing survey data in accidents studies. *Presenter: P/C/C Ernest G. Marshburn, SN*

### **1C: DB2000**

This session is intended to provide members a training session for DB2000. *Presenter: P/R/C John Bradley, SN.*

### **1D: Squadron Emergency Response Assistance Team (SERAT)**

This seminar introduces and promotes the SERAT program on the West Coast. SERAT is a team within a Squadron that provides voluntary assistance to other agencies such as USCG, local law enforcement and local fire departments in the event of water related emergencies and activities. *Presenter: Stf/C Jim Strothers, SN.*

# ...Friday Seminar Series!

## 1100 - 1215: Series 2A - D

### **2A: Membership Pages—It's Not a Fresh Coat of Paint, It's a Whole New House!**

Come see the new Membership pages on USPS's website and learn more about navigation tips and tools. *Presenter: R/C Jim Pahl-Washa, JN.*

### **2B: Stargazing with our Ensign Contributor**

The seminar will consist of three main parts: (1) Stargazing basics including exploring the current evening sky using "Sky Map;" (2) Information about the relative sizes of planets and stars, the vast distances involved in the universe, the amount of time since the Big Bang, and how short a time humans have been around; and (3) Resources for information on stargazing. *Presenter: Arnold Medalen, SN.*

### **2C: Member Benefits—Hidden Treasure Found!**

Hidden treasure discovered off the coast of U.S.P.S. Come see what the expedition uncovered! There is treasure for **everyone!** *Presenter: Stf/C John Rowland, SN*

### **2D: California Dockwalkers**

Who are Dockwalkers and what do they do? Dockwalkers are volunteers who are trained to engage members of the public and the boating community on adopting clean boating practices. Dockwalkers share clean boating information with boaters and distribute educational materials while visiting marinas, launch ramps, marine supply stores, boat shows and special events. "Dockwalker" is a generic term, as you do not necessarily have to "walk the docks" in order to talk to boaters about safety and clean boating practices. Come and learn more about this program! *Presenter: Vivian Matuk, Environmental Boating Program Coordinator.*

## 1400 - 1515: Series 3A - D

### **3A: USPS—Meeting for Squadron & District Officers and General Members**

The squadron officers' meeting will have presentations by the national bridge on important topics and current affairs of the United States Power Squadrons. Of primary importance are motions to be voted on at the meeting on Saturday. Discussion time is somewhat limited on Saturday, so this is your opportunity to discuss the issues with the national officers. *Host: V/C Gary Cheney, SN*

### **3B: Being a Rear Commander: Duties, Deadlines, and Delegating**

Being a Rear Commander or a Staff Commander who moves up can be full of new adventures and experiences. You can and should draw on previous experience from your squadron, district and national positions, but there are some new responsibilities to be aware of and some ongoing responsibilities you may already be familiar with. This seminar covers the important items you need to know and why communication is so important.

# ...Friday Seminar Series!

## **3D: New US Power Squadrons Website**

This session is intended to provide district and squadron webmasters an introduction to the new web site and how they can begin preparing to migrate their website into the new environment. It will also provide web site users an opportunity to provide feedback on the new site. *Presenter:*  
*Stf/C Carl Filios, SN.*

## **1530 - 1645 Series 4A-C**

## **4A: USPS—Meeting for Squadron & District Officers and General Members**

This is a second offering of 3A.

## **4B: The NEW SailAngle— Features, New Look**

SailAngle is undergoing a complete makeover. There are many new features including NEW changes to the File Cabinet to allow unlimited File Folders, Unlimited Sub-Folders, a Locking Mechanism for file folders and sub folders, and the ability to drag and drop to organize the folders. SailAngle also has a completely revised photo upload that accepts larger file size and group upload. In addition, there will be a completely new look and feel to the website with easier navigation and information important to boaters, like weather, wind, tides and more at your fingertips. We will also preview the NEW look and feel and navigation that will be introduced at the Annual Meeting in January 2016. This is a massive overhaul and it contains most of the things that people have requested. Come see and learn about the NEW SailAngle. *Presenter: Randy White.*

## **4C: The Widow Wave**

Come hear suspense author and maritime lawyer Jay Jacobs discuss a real boating accident case from San Francisco. It is the true story of the worst recreational fishing boat accident that ever happened in San Francisco's long maritime history. Five men went out through the Golden Gate for a day of salmon fishing. Their boat, *Aloha*, was never seen or heard from again. There were no survivors or witnesses to whatever happened. A lawsuit was filed by one of the widow against the boat's owner. One factor was a perfect storm of "coincident waves." Jacobs discusses the case, the individuals, the ocean dangers and lessons learned.

***Come for the Boating Education...  
Stay for the Friends<sup>SM</sup>***

# Explore Your World!

## Geodetic Walk

Let's have some Cooperative Charting fun in San Diego! As an addition to our open meeting, the National Cooperative Charting Committee would like to show participants just how easy it is to plan, find and submit marks for the new **Geodetic Mark Recovery program**. Let's celebrate the return of this exciting program by joining us on Friday, 28 August at 1400, for a "**Geodetic Walk**". We will meet in the lobby of the Manchester Grand Hyatt, and then walk to some nearby mark locations. Members of the Cooperative Charting Committee will demonstrate and discuss the guidelines for geodetic reporting. Bring your walking shoes as this will be a 1-2 hour excursion in the local business area! - R/C Diane M. Julum, JN - National Cooperative Charting Committee, [dmjulum@g.com](mailto:dmjulum@g.com).

## Message from District 28

Can't wait to see you in San Diego, the place to be 25-30 August 2015! District 28 is planning a Chico's Fashion Show at the Social Reception and Luncheon on Saturday; an auction will be ongoing throughout the week, and expect even more fun during Saturday evening's festivities with dancing after dinner. District 28 members are looking forward to seeing old friends and meeting new ones! See you soon!

As we go to press, I am in San Diego checking final details for our Governing Board meeting.

The Hyatt has done a fantastic job supporting our preparations, and I look forward to seeing you here!

On behalf of the National Meetings Committee, I wish you safe travels and a productive and enjoyable stay in San Diego.

- R/C Bob Holub, SN  
 National Meetings Committee Chair

**San Diego, here we come!**  
 Join us for the Governing Board Meeting 25-30 Aug. 2015
