

New Meeting App for Orlando Annual Meeting

The all new USPS meeting app is now available at your app store on your smart device or available for download on your laptop. USPS has upgraded the meeting app for Orlando to give you more features and to enhance your experiences at the meeting. You will find information on speakers, meeting schedules, activities, maps of the hotel and more! This new app also features interactive maps, which will allow you to pinpoint your meeting locations by just touching the location on your schedule. Also you can participate in our private social network by sharing updates and ideas easily with short posts. Participants can even post event photos right on the activity stream as well as sending direct messages between attendees to foster deeper connections. Please take advantage of all the features this app has to offer. We hope you enjoy the meeting.

You can access the app from your device by going to either the Apple App Store or Google play for Androids and search for "USPS Annual Meeting". When it pops up download to your device and then open. You can also scan the QR

code on the image and it will take you directly to the app to download. You should register your contact information to take advantage of all of its features. To access the app from the web type or click on this URL: <https://attendify.com/app/uqajco/>

The promotional graphic features the United States Power Squadrons logo at the top center. Below it, the text reads "USPS Annual Meeting 2017" and "19-26 February 2017". Two smartphones are shown: the left one displays a "Sign Up" screen with a search bar and menu options like "Activity Stream", "People", "Favorites & Notes", "Welcome", and "Hotel Info"; the right one shows an "Activity Stream" with a photo of a building and a "Create a Profile" button. At the bottom, a dark blue banner contains the text "Available for" with Apple and Android logos, "USPS Annual Meeting 2017", a QR code, and the text "Scan to download" with a curved arrow pointing to the QR code.
