

USPS-NOS COOPERATIVE CHARTING PROGRAM
DEPTH SURVEYS WORKSHEET

ATTENTION!! ATTENTION!! ATTENTION!! ATTENTION!!

All DepthWiz surveys must have a chart section uploaded to CCWEB showing the plotted depth soundings. If this file is not uploaded with the report it will be sent back to the primary observer. This file must be readable.

Also, please check the .dww file to make sure that the Tide information, transducer correction, and the Performance Measure fields have been filled before submitting the report.

Please refer to the 'NOS Instructions for DepthWiz Surveys' dated April 1, 2009.

Required fields are indicated with an asterisk. *

Required if Investigation Method is Echo Sounder. **

Required if Data Survey (Manual) file is uploaded.***

SUPPORT FILES NEED TO BE UPLOAD ON THE MAIN REPORT PAGE!Note:

Submission of DepthWiz Data requires few keyed entries because the data file is self-documenting.
