# Saturday May 2, 2020

Sea Thunder will take you up the waterway at a leisurely pace. You will see an island that is totally unspoiled except for the people who have beached their boat for the day.

Sea Thunder will exit the Intracoastal Waterway through Little River Inlet, located on the border of SC and NC. Once you go out the inlet you are in for an exciting ride.

book slips as soon as possible**

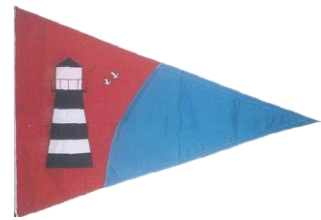

# Saturday May 2, 2020

If a high-speed boat ride does not suit your fancy take a leisurely trip in the opposite direction on the waterway. Gather up the boats, we are going for a ride to Barefoot Landing.

Lunch is planned at Lulu's restaurant. Before or afterward shopping is open for all. If you prefer not to ride down the waterway the trip is 20 minutes away from the Marinas by car.

They have over 50 unique shops in a natural outdoor setting. If you are not a shopper stroll around the Landing and enjoy the sights.
