

THE USPS/SEA SCOUT PARTNERSHIP

USPS® and the Sea Scouts have an agreement of mutual support. USPS recognizes the character-building Sea Scout program which provides a sound foundation of Seamanship, Team Work, and Leadership Skills. These skills also reflect the basis of the United States Power Squadrons. There is a USPS/Sea Scout Advancement Matrix. It describes the USPS courses that lead to Sea Scout Advancement in nautical education.

The Sea Scouts have an adult leadership development program called "Sea Badge" which is open to all USPS

members. The Sea Badge program is comprised of two parts: Land-based leadership skills development, and On-the-water based development of Seamanship skills.

Members of both organizations benefit from this partnership. USPS hopes to gain future leaders through the Sea Scout partnership.
